Work Experience

High Chaparral, Kulltorp

June 2022 – August 2022

For one summer I worked as a food service worker, at a theme park. This place helped me to become more stress resistant, learn how to communicate with people and improve my teamwork skills.

Education

The Game Assembly — Malmö

August 2023 - NOW

Currently studying here with the focus on game programming and specialized within physically based destruction. This is where a lot of the knowledge i have within programming came from but more specifically C++

LBS Kreativa Gymnasiet — Borås

August 2020 - June 2023

I started my programming journey here with the game programming line within a technology program. It also helped me develop my technical thinking and creating.

Projects

Projekt weeks — The Game Assembly

August 2023 - NOW

I have participated in eight game projects during my time at the game assembly. In these projects we have some odd weeks to plan, design and develop a game around a set theme.

Projekt weeks — LBS

October 2021 - April 2023

I have participated in 3 game projects that were called project weeks. We Design, plan and develop a game under three weeks spread out throughout the year with a given theme.

Strengths

Stress-resistant

Technically skilled

Quick learner

Easily adaptable

General Skills

Direct X11	<div><div></div><div></div><div></div><div></div><div></div></div>
Unreal	<div><div></div><div></div><div></div><div></div><div></div></div>
Unity	<div><div></div><div></div><div></div><div></div><div></div></div>
C++	<div><div></div><div></div><div></div><div></div><div></div></div>
C#	<div><div></div><div></div><div></div><div></div><div></div></div>
Physx	<div><div></div><div></div><div></div><div></div><div></div></div>
Threading	<div><div></div><div></div><div></div><div></div><div></div></div>
HLSL	<div><div></div><div></div><div></div><div></div><div></div></div>
